

SKIN CONCERNS CAN'T WAIT

Your new anytime, anywhere dermatology office.

Dermatology consultations are covered at the specialist copay on all Liberty's health plans.

Telehealth is one of the ways Blue Cross and Blue Shield of North Carolina (Blue Cross NC) is making health care more accessible and affordable. And it's not just for acute care needs.

With Teladoc®, you have convenient access to state-licensed doctors to address non-emergency dermatology needs. This makes it easier than ever to take care of all kinds of skin problems no matter where you are – with no appointment necessary.

Why use Teladoc dermatology?

- A quick and discreet way to treat skin conditions like acne, rash, eczema and more
- Access to a network of board-certified dermatologists online
- Shorter wait times compared to the weeks it may take to see a provider in-person¹
- Upload photos to get a diagnosis from a licensed dermatologist within 48-72 hours, with a treatment plan and prescription, if needed

How it works

Upload a few photos and a description of your condition. A dermatologist examines the photos and provides diagnosis, treatment plans and prescriptions (if appropriate) for the most common conditions. Average reply is within 48 to 72 hours.

Let's talk!
