

Important Health Insurance Information:

Understanding Your Benefits After Employment

We've made Benefits All In available to help you navigate your health insurance options after your employment ends.

Losing employer-sponsored coverage can be stressful, but you have other options available to ensure you and your family stay protected.

Contact BAI for Expert Guidance on Your Health Insurance Options

BAI's team of health insurance experts is available to help you understand the various coverage options available after your termination. This includes:

Marketplace Plans: You may be eligible for a health insurance plan through the Health Insurance Marketplace, where you could find coverage that fits your needs and possibly qualify for subsidies to reduce your premium costs.

Medicaid: Depending on your income, you may also be eligible for Medicaid, which provides low-cost or free health insurance coverage.

COBRA Options: BAI can also guide you through your right to continue your employer-sponsored plan through COBRA, if applicable.

How to Get Started:

Call or email our BAI team today at 513-657-4340 or Martha.Hamann@benefitsallin.com to schedule a free consultation.

They are here to make sure you have the information and support you need to make an informed decision about your health insurance coverage.
